THE COTTON CROP.

Government Reports the Lowest
Average for Years.

AVERAGE ONLY 75.8.

For the Whole Region the Average Is
the Lowest in Thirty-Four Years
With Few Exceptions—Texas
Average Is Only 78.

Washington, July 10.—The monthly
report of the department of agriculture
shows the average condition of cotton on
July 1 to be 75.8 as compared with 82.5
last month; 87.8 July 1, 1899; 91.2 at the
corresponding date in 1898, and a ten-
year average of 87.9. The condition in
the principal states reported is as fol-
lows: North Carolina, 89; South Caroli-
na, 79; Georgia, 74; Florida, 78; Alabama,
70; Mississippi, 64; Louisiana, 81; Texas,
78; Arkansas, 78; Tennessee, 76; Okla-
homa, 72; Indian Territory, 96.

While there was some improvements
in June in North Carolina, Texas, Ok-
lahoma, and Indian Territory, amount-
ing to 3, 7, 7 and 12 points respectively,
there was a decline of 6 points in South
Carolina, 7 in Louisiana, 10 in Tennessee,
13 in Arkansas, 15 in Georgia, 17 in Ala-
bama and 21 in Mississippi.

With the exception of North Carolina,
where the average condition on July 1
was two points above the mean of July,
the average of that state for the last 10
years and in the Indian Territory, where
figures are available for comparison
cover only three years, the condition
throughout the entire cotton belt com-
pares unfavorably with the 10 years'
averages, Louisiana being 7, South Car-
olina and Texas 10, Arkansas 11, Ten-
nessee 12, Georgia 13, Alabama 18 and
Mississippi 24 points below the respec-
tive 10 year averages. Not only
was the condition on July 1, for the cot-
ton region as the whole the lowest of
July conditions on record, but in Geor-
gia, Florida, Alabama and Mississippi it
was the lowest in the entire period of
84 years for which the records are avail-
able, while in Tennessee it was the low-
est, with one exception, and in South
Carolina, Texas and Arkansas the low-
est, with two exceptions, in the same
period of 84 years.

The excessive rains drowning out the
crop and followed by an extraordinary
growth of grass and weeds are reported
from almost every state, and the gravity
of the situation is greatly increased
by the general scarcity of labor. In
South Carolina, Georgia, Alabama, Loui-
siana and Texas considerable areas will
have to be abandoned.

Didn't Know It Was Loaded.

Perry, O. T., July 10.—The Oteo cow-
boys gave a dinner at their camp, three
miles north of Lela. While the guests
were gathering a few young men had
collected in a tent, when William Crow,
one of the ranch boys, reached under a
cot and pulled out an old pistol that had
lain there for several months and play-
fully pointed it at a young man named
Oscar Shaw and pulled the trigger.
A report followed and Shaw fell
dead with a bullet in his brain, the
ball striking him just below the eye and
passing through his head. A boy, who
was visiting at the camp, had
loaded the pistol without telling
anyone what he had done. Young
Shaw has lived in the neighborhood for
three years. Crow was arrested and
brought here and put in jail.

Continuance Asked.

Georgetown, Ky., July 10.—"Defend-
ant is not ready for trial," was the an-
nouncement made by ex-Governor John
Young Brown, the leading counsel for
Caleb Powers, when the list of witnesses
for the defense was completed this
morning. Of 117 witnesses only 29 an-
swered present. The commonwealth's
attorney, Franklin, objected to the con-
tinuance and asked that attachments be
issued for the absent witnesses instead
of postponing. The defense asked until
2 o'clock to file affidavits in support of
the motion for continuance and court
adjourned until that hour.

Manila Mortality Statistics.

Manila, July 10.—A report issued by
Mr. Eddie shows that the health of
Manila compares favorably with that of
other oriental cities. The death rate
from October to June was 28 per 1000.
The total number of deaths was 8535, of
which 189 were caused by the plague and
1073 by intestinal disease. The deaths
from the plague above given do not
include the Chinese who died from the
disease. The sanitary conditions
have been greatly improved.

Strike on Again.

St. Louis, July 10.—Today opened
with apparently no interruption to traf-
fic on the lines of the St. Louis Transit
Company, notwithstanding the determi-
nation yesterday of former employees
to resume striking. Boycott against
the Transit company was declared on
today and wagons resumed for car-
rying passengers especially on the north
and south sides. There has been no

trouble reported.

Boers Leave Senekal.

Senekal, July 10.—An extended re-
connaissance resulted in the discovery
that the Boers had evacuated all posi-
tions around Senekal. Numbers of them
appear to have gone towards Ficksburg
and the remainder in the direction of
Bethlehem. British commanders ex-
press the opinion that the retirement of
the Boers foreshadows a speedy end of
the war in this section of the country.

NEW GOLD FIELDS.

**Three Men Make \$200,000 in Lower Cal-
ifornia in Eight Months.**

Hermosillo, Mex., July 10.—Meager
reports have reached here from time to
time for the past several months of the
fabulous richness of a placer gold field
that has been discovered in Lower Cal-
ifornia, about 50 miles south of Camp
Companis. Owing to the fact that re-
liable information was not obtainable as
to the truth of these exciting reports,
they created very little interest in min-
ing circles of this section. A party of
three prospectors who have just reached
here from the new gold fields bring sub-
stantial evidences of the richness of the
mines in the shape of over \$200,000 of
gold dust.

These prospectors are Martin Halen,
formerly of Aspen, Colo., Tom B. G.
Gedine of San Francisco and James
Crawford of Benson, Ariz. These three
men went into the gold fields about
eight months ago, taking a big stock of
supplies with them. They had difficulty
in the beginning in obtaining water, but
after this drawback had been met they
had wonderful success in panning out
gold from the gravel. Their earnings
for the period of eight months are over
\$200,000, divided equally among them.
They have a good title to their claims,
and will return to them after a brief
visit to their respective homes.

They state that the placer field em-
braces 250,000 acres in extent. There are
comparatively few prospectors in this
region, and those there are making for-
tunes rapidly. One of the first prospec-
tors to enter the rich region was a Mexi-
can named Jose Ibarra. He got over
\$100,000 in gold dust and left with his
wealth for the City of Mexico, and has
not yet returned to his claims.

Postmaster Robbed.

DeSoto, Mo., July 10.—Al Vollmar,
postmaster at Hillsboro, the county seat
of Jefferson county, was robbed of about
\$450. He retired late, after attending a
Masonic supper, and, as is customary
with him, took the money that accumu-
lated in the store and postoffice to his
room with him, together with the post-
age stamps. The silver, about \$40, he
placed under his pillow. The postoffice
money and the store money he hid in his
regular hiding place in separate pack-
ages in the room. Arising he found the
packages gone. The silver and re-
volver were still there, and the postage
stamps also.

Burnett's Big Ranch Deal.

Fort Worth, Tex., July 10.—S. B. Bur-
nett has returned to the city from Louis-
ville, Ky., where he went to negotiate a
deal for the Figure 8 ranch in King
county, which includes 200,000 acres of
land and 1600 head of cattle. The deal,
Mr. Burnett said, would be consummated
as soon as the title to the property is
perfected and the cattle counted. With
the 16,000 head of 4, 3 and 2-year-old
steers in the deal will be added 29,000
head of steers in the Indian reservations
and his Wichita county ranch, giving
Mr. Burnett in all about 45,000
head of cattle. It will be some months
yet before the cattle from the Indian
Territory, 14,000 head, will be removed
to the new ranch.

Great Pigeon Flying.

Mishawaka, Ind., July 10.—Of sixteen
carrier pigeons released at Nevada, Mo.,
13 are home. One covered 500 miles in
11 hours, accomplishing the wonderful
speed of 1300 yards per minute despite
the heavy storm and rain of Saturday.
The achievement was for the Mishawaka
Homing club the American 500 mile
championship. The winner is a full
brother to the marvel Pedro, the world's
feathered champion in 1000 records.
Several birds were half drowned by the
heavy rains.

Wealthy Farmer Killed.

Fort Dodge, Ia., July 10.—The man-
gled remains of a middleaged man have
been found on the Northwestern rail-
road track west of Lohrville. The man
is supposed to have fallen from an east-
bound passenger train. Considerable
money was found in his pockets and a
check for \$112 on the Stanhope bank,
signed by W. E. Oleson. From letters
on the body it is believed the man is
Lewis Oleson, a wealthy farmer living
south of Stanhope.

Cottonseed Crushers.

Fort Worth, July 10.—The seventh
annual session of the Texas Cottonseed
Crushers' association convened here
this morning with President Joseph W.
Allen of Ennis in the chair. There is a
large attendance from all parts of the
state. The delegates will take a Colo-
rado tour after the convention adjourns.

Baby Drowned.

Fairbury, Ill., July 10.—The 16-
months-old daughter of Charles Friant,
who lives six miles north, wandered
from home Sunday. The entire neigh-
borhood and many from this city hunt-

Boy Killed by Lightning.

Dublin, Tex., July 10.—John Ross, 15
years old, son of Mr. Newt Ross, was
struck by lightning while playing with
his younger sister. No one else was in-
jured.

Little Girl Killed.

St. Louis, July 10.—Pearl Shapiro,
five years old, was killed by a Cass ave-

THERE IS SOME HOPE

Civil War in Pekin May Save the
Foreigners There.

ENCOURAGING NEWS.

With Prince Ching Fighting Boxers
and Increase of Force of the
Powers There Is Hope of
Peace Being Restored.

London, July 10.—With the foreign-
ers in Pekin probably safe and civil
war, with Prince Ching on their side,
with the powers united and their forces
constantly increasing, the outlook in
China is now rather more hopeful than
it has been for a month past. It appears
from the cautious statement given out by
Taotai Sheng in Shanghai that the reason
that the heavy guns bearing on the lega-
tions in Pekin were not used is that
Prince Ching, who is served by 10,000
troops, seized all their artillery ammu-
nition.

Sheng likewise intimates that Yung
Lu, commander-in-chief of the northern
army, is associated with Prince Ching
in opposing Prince Tuan's ferocious de-
signs and dictatorial ambition. Sheng,
who appears to be the sole Shanghai
conduit of Pekin news, cheers the foreign
consuls by these confidential communi-
cations, but takes excessive precautions
to prevent the Chinese from thinking
him friendly to the foreigners.

The feeling of unrest in the southern
and central provinces continues. The
members of the official classes in those
provinces strive to remain neutral with
a leaning toward the foreigners, until
they shall see whether the moderate or
extreme factions will win in Pekin.
Prince Ching seems to be standing for
the dynasty and the old order against
Prince Tuan's inordinate ambition.

From a foreign viewpoint, the capture
of Pekin is the keynote to the situation,
as there is a fear, according to The
Daily Mail's Shanghai correspondent,
that delay means 100 recruits for the
boxers for every soldier of the allies in
the land.

Two couriers arrived at Tien Tsin on
July 1 from Pekin. One brought a let-
ter from Sir Claude MacDonald, the
British minister, to the same effect as
that previously received from Sir Robt.
Hart. The couriers confirm the report of
the death of Baron Von Ketteler. They
say that Prince Ching is doing his ut-
most to protect the foreigners, but that
the native feeling against the
whites is strong. Two high offi-
cials opposed to the boxers are reported
by the couriers to have been assassinated.

The empress dowager is actively striv-
ing to prevent the factions from fighting.
Prince Ching has informed her that he
would rather lose his head than to be
constantly obliged to warn her of the
consequences of the prolongation of the
present anarchy. Prince Tuan is quite
willing that Cheng should be decapitated
but the dowager empress will not allow
this. Prince Tuan has decided that he
will take full responsibility. He pro-
poses to retake Tien Tsin and Taku.

NEWS MORE FAVORABLE.

Dowager Empress Protecting Foreigners
in Pekin Despite Opposition.

London, July 10.—Chinese official
sources furnish another surprise today
in announcing the dowager empress,
who has been reported within two weeks
dead, fled, poisoned and hopelessly mad,
has resumed the reins of power. The
date is June 30, the same on which the
wholesale massacre of foreigners is al-
leged to have occurred.

The telegram of Sheng, administrator
of telegraph and railroads, to the Chi-
nese minister at Washington saying the
imperial government is protecting the
legations, appears to fit it with the dis-
patch from Shanghai, particularly with
reference to the alleged directions given
by the dowager empress relative to the
protection of foreigners. At the same
time the people continue to ask why, if
the legations are protected, the minis-
ters are not permitted to communicate
with the outer world. Sheng's expressed
fear that the food and ammunition of
the legations were exhausted is counter-
acted by the news that Prince Ching,
commander of the Manchu field force, is
revictualing them.

In the meantime, according to the le-
gation of Japan, Japanese by no means
share the general opinion that the ad-
vance must be indefinitely delayed. The
officials assert that the Japanese have no
intention of halting at Taku or Tien
Tsin, but propose to advance on Pekin
during the present. Their military au-
thorities express the opinion that 20,000
of their troops, in addition to the inter-
national forces already available, will
suffice to force an entry into the Chinese
capital.

Emperor William has dispatched the
German warship Buzzard from Kiel for
China, while the German cruisers Geier
and Seeadler have been ordered to pro-
ceed to China as rapidly as possible from
American and Australian waters.

Legations Reported Standing.

Washington, July 10.—The secretary
of state has received a dispatch from Mr.
Goodnow, United States consul general
at Shanghai, stating it is given out by
the governor of Shan Tung that the le-
gations were standing July 5 and the

outlaws were dispersing. Mr. Goodnow
adds that this statement does not obtain
general credence.

Took Possession of a Palace.

Tien Tsin, July 10.—It is reported
from Chinese sources the foreigners at
Pekin have taken possession of one of
the prince's palaces, opposite and com-
manding the British legation, and that
the native Christians have been installed
therein.

Japan Dispatching Troops.

Yokohama, July 10.—The government
has decided to dispatch 23,000 men and
5000 horses to China.

German Squadron Sails for China.

Kiel, July 10.—The German Asiatic
squadron has sailed for China. Emper-
or William and Prince Henry of Prussia
witnessed the departure of the warships.

Ninth Reaches Taku.

London, July 10.—The Daily Mail
correspondent at Che Foo announces
under date of July 7 that the Ninth
United States infantry has arrived at
Taku.

Ministers Reported Safe Again.

Washington, July 10.—The following
telegram was received Sunday night by
Minister Wu, from Sheng, director gen-
eral of imperial telegraphs at Shanghai,
dated Sunday:

"On July 3 two legations were pre-
served. All ministers safe. Rebellious
troops and rioters make attacks but suf-
fer many losses. Imperial troops pro-
tecting, but meet with much difficulty
in doing so. It is feared food and am-
munition is exhausted."

Protecting Foreigners.

Brussels, July 10.—A Shanghai dis-
patch received here says Chinese news-
papers assert that Prince Ching's troops
have arrived at Pekin to revictual Euro-
peans and defend them against rebels.

Want to Fight Chinese.

Manila, July 10.—Many paroled rebel
ex-officers are agitating the formation of
native regiments for service with the
Americans in China. They say that they
would be able to raise 10,000 men accus-
tomed to arms for this purpose, and as
for the soldier-like qualities of the Filip-
inos they point out the famous Seventy-
third regiment composed of natives,
which served under Spain.

DEMOCRATIC CAMPAIGN.

Plans Have Been Practically Outlined at
a Meeting at Lincoln.

Lincoln, July 10.—Plans for the De-
mocratic national campaign of 1900 have
been outlined and practically agreed up-
on at a protracted conference between
the leaders of the party. The plan in-
cludes the appointment of a campaign
committee, as agreed upon between the
representatives of the Democratic, Sil-
ver Republican and Populist parties at
Kansas City. This committee will in-
clude members of all three parties and
perhaps also Democrats not members of
the national committee, but who are
prominent in the councils of the party.
This committee will, it is said, have
charge of the practical working of the
campaign and will work for fusion on
state and congressional tickets when-
ever possible. The press and executive
committee, it is expected, will with one
or two exceptions, be the same as last
year. The personnel of the committees
were left in the hands of Chairman
Jones. The question of national head-
quarters was also left in his hands. It
was stated that Chicago would probably
be selected.

Mr. Bryan says he has made no plans
as to the part he would take in the cam-
paign and would not do so until he had
conferred further with the party leaders.
The subject was discussed at the meet-
ing, as well as the amount of campaign
work to be done by Mr. Stevenson and
although this feature will not be fully
decided on until after formal notifica-
tion of their nomination has been given
both Mr. Bryan and Stevenson, which
probably will not be for several weeks.

Committeeman Johnson of Kansas
stated after the meeting that an under-
standing exists that Mr. Bryan will not
tour the country as he did during the
campaign of 1896, but will make trips
from time to time to the larger centers
of population, remaining in Lincoln a
great deal of the time. Many visitors
are expected here during the campaign
and Lincoln will in a way be a central
point in the campaign.

Mr. Towne may not announce his de-
cision in regard to the vice presidency
for several days. Democratic leaders,
however, state that the whole question
has been postponed until after the mid-
dle-of-the-road Populist state conven-
tion, to be held at Grand Island, Neb.,
July 20.

Out of the Race.

Nashville, July 10.—Governor Mc-
Millin has withdrawn from the sena-
torial race. This leaves Congressmen E.
W. Carmack and Judge Snodgrass
avowed candidates.

Prominent Hebrew Dead.

New York, July 10.—James H. Hoff-
man, president of the Hebrew Technical
Institute, trustee of the Baron de Hirsch
fund, and for more than 35 years prom-
inent in Hebrew charities in the United
States, is dead, 67 years.

Colonel Claggett Dead.

Memphis, July 10.—Captain E. T.
Claggett, formerly a well known mate
and commander in the Lee line and
other local packets, died in this city
from cancer of the stomach.

Fatal Runaway Accident.

Lutesville, Mo., July 10.—William
Crater, one of the most intelligent farm-
ers of Bollinger county, was killed in a
runaway accident while returning from
a political meeting at Marble Hill.

COMMITTEE PLANS

For Road Improvement—\$1000 Needed.

The executive committee appointed to take charge of the movement to fix the roads held a meeting yesterday with Mr. D. C. Zuber in the chair. It was decided that the whole committee will go around in a body to raise funds for the work, beginning this morning at 10 o'clock. If the committee is successful work will be commenced at once. It was further decided that \$1000 will be necessary to put the various roads and crossings in good shape. It is intended to work on the Democrat, Bundick bridge and Manning bridge crossings and also to do some much needed work in the Brazos bottom to open the way for the trade from Burleson county to get here.

The names of all subscribers and the amount each gives will be published in the Eagle, Pilot, Madisonville Meteor and Rogers Prairie Rustler and will also be printed on circulars and distributed throughout the territory affected asking that the people trade with those who subscribed to the fund. The committee hopes all will be ready with their subscriptions when called upon, and that the work may be pushed without delay. All are aware that Bryan has lost heavily in trade from beyond the Navasota river during the past several months owing to the terrible condition of the roads in the bottom, and all should be

ready to help remedy the evil and stop the shriveling-up of our commercial interests. The people have been going elsewhere to trade because they could not get here. Help to fix the roads and their wagons will again, for our streets bringing cotton and carrying away goods.

DR. M'DONALD DEAD.

He Was Originator of the Money Order System in the United States.

New York, July 10.—The death is announced at Hamilton, Ont., of Dr. Charles F. McDonald, aged 71 years. While connected with the postoffice department in Washington, the postal money order system was organized through his efforts. President Lincoln appointed him superintendent of the money order department which office he held until 1863 when President Cleveland appointed him consul at Hamilton. Through Dr. McDonald's efforts also the exchange of money orders was affected between the United States and the principal civilized countries of the world. He drafted 32 conventions for exchange of money orders.

SEEKING NEGRO HELP.

Thirty Dollars and Expenses Will Be Paid Those Who Go to Hawaii.

Honolulu, July 1.—It is to the colored people of the southern states that plantation owners of the Hawaiian islands will turn for relief in the matter of the vexed labor question. John Hind and J. B. Collins of the Kohala plantation, leave today for the southern states in quest of negro laborers. They have assurances of 300 or 400 who will be recruited at New Orleans. The plantation will pay their expenses to this country and give them \$30 a month. If enough negro laborers can be secured the services of the Japanese will be dispensed with altogether.

Horribly Slashed.

St. Louis, July 10.—Samuel Patterson, a roustabout, was taken to the city hospital with a gash in his back which required 27 stitches. Patterson said a negro named Emory followed him, knowing he had been paid off during the day, and as Patterson entered a restaurant at Thirteenth and Linden streets, demanded some money. Patterson refused to give him any, and Emory slashed him across the back with a razor. Emory escaped. Patterson was detained pending an investigation by the police.

Tailor's May Strike.

New York, July 10.—The members of the Brotherhood Tailor's, who are said to number 12,000 are again getting ready for a general strike. They say that all the advantages which they won several years ago have been gradually lost and the contractors have in most instances returned to the task system under which they have to work a day and a half or two days for one day's part. The leaders, however, are trying hard to prevent the men going out as they think a general strike would be inadvised at present.

Small Assets.

Santa Fe, July 10.—In the bankruptcy proceedings involving the estate of George P. Miller, of Taos county, District Clerk A. M. Bergere issued official notice that assets of the bankrupt, amounting to \$19, would be paid to creditors pro rata and the proceedings closed. The amount owed by Miller is \$37,500. His chief creditor is D. Bright Miller of Pennsylvania.

Assault Upon a Conductor.

St. Louis, July 10.—Conductor Harold H. Fielder, conductor of the Broadway line, was assaulted at Broadway and Withers avenue by four men, and when Withers avenue was reached dragged the conductor from the car. Each of the men assaulted Fielder, but the arrival of Motorman Giger saved him from severe treatment, as the men ran away.

Strike on Again.

St. Louis, July 9.—The strike against the St. Louis Transit company by its former employees, which was declared off on July 2, has been ordered renewed. The union people claim the Transit company has violated its agreement by employing others besides the old men. This the Transit company denies.

National Educational Association.

Charleston, S. C., July 10.—The National Educational association was formally welcomed to Charleston this afternoon at the opening session of the annual convention. Nearly 2000 delegates were present when the assemblage was called to order by W. H. Welch, chairman of the local executive committee.

Contagion Among Cattle.

Austin, July 10.—Information has reached here of the outbreak of a deadly disease among the cattle of DeWitt county. The character of the disease has not yet been determined. It quickly proves fatal, and up to this time several hundred head of cattle have died in that county. It is also said to be highly contagious.

Verdict for Damages.

Shelbyville, Ind., July 10.—A jury returned a verdict giving Charles E. Taylor damages in the sum of \$5000 against the Indianapolis Street Railway company for injuries received. He sued for \$25,000.

Jester on Trial Again.

New London, July 10.—The trial of Alexander Jester, charged with the murder of Gilbert W. Gates, 29 years ago, began here Monday. Jester is well known in Texas and Oklahoma.

Accidentally Killed Himself.

Guthrie, O. T., July 10.—W. E. Bense, a prominent farmer living near Cordelle, was killed by the accidental discharge of a shotgun, which he dropped while alighting from a buggy.

Run Over by a Flatcar.

Houston, July 10.—Patrick Gannon, aged about 55 years, was run over by a flatcar and killed in the Southern Pacific yards in this city. The deceased had been in Houston about five months.
